

Dear parents/guardians,

DCLT and Splash Academy would like to welcome you to our venue Dearne Valley Leisure Centre. Over the coming weeks your children will be taking part in education swimming lessons and begins to learn the foundations of aquatic skills. Curriculum to include the following;

- Water confidence
- Water safety
- Mini galas
- Synchronized swimming
- Water polo
- Stoke technique
- Personal survival

As 51% of children in the UK aged between 7-11 can't swim 25 metres unaided. In light of this we would like to offer you a further opportunity for your child to take part in specialised swimming lessons outside of school. This will give your child the extra boost in expert teaching and increase their aquatic skills.

We are passionate in helping children gain these vital skills and therefore please use this letter as a **free swimming lesson assessment** to utilise at any of our DCLT venues. We offer swimming lessons from £4.32 per lesson. All children doing education swimming lessons will also have access to free swimming for the duration of the education lessons, at any of our DCLT venues.

We look forward to your to child having there swimming lessons here and hope you take this opportunity to invest further in your child's swimming journey

Yours sincerely,

Shaun Sloan/Alex Barrett

Aquatic Development Managers.
